RE: CRM4021 Discontinued

Please be advised that the crown moulding 4021 has been discontinued. This is a crown moulding that was available in thermofoil and polyester colours.

Consider CRM4716 or CRMWP22 as an alternative crown moulding where a thermofoil or polyester crown with a shoe is required.

Current orders will be filled while supplies last. We will reach out to you on a case-by-case basis if there are existing orders that we cannot fill.

Let us know if you have any questions!
