© 2015 - 2020 Canadiana Cabinets Ltd | Revised April 2020

General information and designer notes regarding tall cabinets.

- ◆ To aid us in packaging, please specify finished ends even when there is no charge.
- ◆ The symbol “*” beside a cabinet code indicates single door. Hinge placement **always** defaults to “hinge right (HR)” if not specified.
- ◆ Tall cabinets can be ordered with the alternate door layout as shown in specifications at no extra charge, simply add suffix (- A or B) to code. eg: T248424DD-A
- ◆ Tall cabinets have 2 fixed horizontal dividers between doors.
- ◆ Tall cabinets may be ordered with no center fixed shelf by adding code “**BROOM**” This will also reduce the depth of the shelves in the lower section to 10 ½" deep. (see specifications on **J25**) *Please specify ‘clean’ interior to eliminate adjustable shelf holes.*
- ◆ Oven cabinets come with panels in a matching finish. For cutouts please specify using panel order sheet. The oven panel will be shipped loose if oven cutouts are not requested to be done by Canadiana Cabinets.
- ◆ Centre doors on all tall cabinets are shipped unconnected with straps to be site applied.
- ◆ Most tall cabinets can be ordered 11 13/16" or 17 5/8" or 20 5/8" deep plus door thickness. Use suffix -12, -18 or -21.
- ◆ Refer to Policy Section “A” & Accessory Section “I” for upgrade drawer box options.
- ◆ Rollout Pricing and Information shown in Accessory Section “I”
