RE: Price Increase Announcement

We will be implementing a price increase on certain painted panels and accessories that will come into effect Monday October 4, 2021. Any quotes submitted by October 1 will be honored for 30 days.

Cabinets with finished interiors and painted accessories will receive a 5% increase. Fielded panels and doors that are ordered individually will also have price increases, based on their door style. **Cabinet base prices and door factors will not be changing at this time.**

These price increases are directly as a result of the dramatic increase in the costs of both paint and MDF.

We will distribute a new price list in the next week.

We appreciate your business and look forward to working with you on your future projects.
