LED DRIVERS

20W model is suitable for up to 5 lights
40W model is suitable for up to 10 lights
60W model is suitable for up to 15 lights

LED LEAD

The LED Lead connects the LED light to the driver.

LED LEAD EXTENSION

The LED lead extension is used when the distance from the LED to the Driver is longer than 2000mm (78 3/4"). This is used in addition to the LED lead, and not as a replacement. There is no limit on the length of extensions used.
