RE: Integra Drawers LIMITED AVAILABILITY

Starting in January 2022, we will only be offering the Integra drawer in 500mm (20") depths.

This drawer slide is the standard offering for both -24 and -21 cabinets. For shallower cabinets you'll need to upgrade to DWDXP or an alternative drawer style.

In addition, Integra rollouts of any depth will no longer be available starting in January 2022.

If you currently have Integra drawers or rollouts on display in your showroom, please talk to us about options for switching them out for an alternative drawer style. We expect all Integra drawers to be unavailable by the end of 2022.

Let us know if you have any questions!
